

Renewable energy and reducing CO₂ emissions

Confirmation Wastewater Treatment Plant Morgental

Alpinamed AG, 9306 Freidorf

Alpinamed AG is committed to sustainable climate protection. By disposing of and recycling its residues in the Morgental wastewater treatment plant, the company demonstrates its commitment to renewable energy and to reducing CO₂ emissions. In **2023**, thanks to residue deliveries from **Alpinamed AG**, renewable energy was generated and CO₂ was reduced in the following amounts:

Electricity: **895,694 kWh**

Heat: **1,018,446 kWh**

CO₂: **539 tonnes**

As part of the annual monitoring of the Morgental wastewater treatment plant, the above values were verified by the Energy Agency of the Swiss Private Sector (EnAW).
